

PRESS INFORMATION

Experience Supremacy with All- New 5th Generation Honda City Official Details Revealed

Highlights

- **Longest and widest sedan in its segment**
- **ASEAN N-CAP 5 Star rating equivalent**
- **India's first connected car with Alexa remote capability**
- **Next Generation Honda Connect with Telematics Control Unit (TCU)**
- **First in segment features** such as Full LED headlamps, Z- Shaped wrap-around LED Tail lamp, 17.7 cm HD full color TFT meter with G-meter, LaneWatch camera, Vehicle Stability Assist (VSA) with Agile Handling Assist (AHA) and many more

New Delhi, June 17, 2020: Honda Cars India Ltd., leading manufacturer of premium cars in India, today released the **details of its All New 5th Generation Honda City**, ahead of its launch in July 2020. The much awaited All – New Honda City has been conceptualized to carry forward its legacy, deliver supremacy and exceed previous benchmark by offering superior value proposition to its customers.

Honda City is among the most popular sedans in the country and is synonymous with Honda brand since the company entered Indian market with the launch of 1st generation Honda City.

The 5th generation Honda City embodies supremacy in its every detail, ranging from its styling, performance, space, comfort, connectivity and safety. In an Industry First move and in line with increasing usage trend of smart devices ecosystem, **Honda City is India's First Connected Car with Alexa remote capability.**

The **Grand Concept of the 5th Generation Honda City** is '**Ambitious Sedan**' and the model aims to complement its customer's ambitions and provide them a strong sense of confidence to upgrade their lives.

EXTERIOR DESIGN – STANDING ON THE EDGE

Ever since its launch, the City has defined the original, authentic shape of the sedan in India. The 'Ambitious Sedan' design enhances the stance and strength of the car. Inspired by the Japanese Katana blade, a type of curved sword used by ancient samurai, the All New City follows a continuity of lights with a sharp shoulder line that accentuates its premium look and length. This character line runs right from the headlamp all the way to the tail lamp defining its shape, making the hood seem longer, and gives the car a distinguishingly precise and aerodynamic impression. The exterior design combines sportiness and elegance with a more spacious cabin beyond its class making it the longest and widest sedan in its segment.

Length	Width	Height	Wheelbase
4549 mm	1748 mm	1489 mm	2600 mm

- **Attractive sporty character** by creating stable lower body that projects advanced and dynamic sleek cabin motion.
- **Three-box true sedan style** with Horizontal stretched form approach
- **Sharp horizontal character line** inspired by KATANA BLADE in motion
- **Thick long nose** enhancing strength and presence
- **Solid Wing Face with Chrome Front Grille** inherited from Honda's top-class sedans
- **Cutting Edge Lights**
 - **Adoption of Daytime Running Light integrated with the solid wing face** asserting overwhelming presence even in day time
 - **Full LED Headlamps** with 9 LED Array Inline Shell, Integrated LED DRL and L Shaped LED Turn Signal
 - **Z Shaped 3D Wrap-around LED Tail Lamp** with LED Side Marker Lamps
- **16-inch Diamond cut alloy wheel design with Shark Gray paint two tone appearance** expresses strength & dynamic sportiness

INTERIOR DESIGN – AMBITIOUS BEAUTY

The concept of interior design is “**Ambitious Beauty**” which is expressed by pursuing High Contrast and Sophisticated textures and Easy to use functionality. The Interior colour, material and finish coordination is a beautiful contrast of beige and black to give a clutter-free and open feeling. The instrument panel is made in a horizontal and linear form for improved clarity of car's sense and direction. The excellent driving visibility helps to reduce stress and contributes towards a safe drive.

- **Supremacy of Luxury:** Sophisticated & high-quality dashboard with real stitch soft pad and woody garnish; 20.3 cm Advanced Touchscreen Display Audio; Click-Feel AC dial with Red/ Blue Illumination, High quality leather steering wheel & and shift lever and soft interior ambient lighting in front footwell and map lamp with LED interior room lamps.
- **Large 17.7 cm High Definition Full Color TFT Meter** for Multi-Function Driver Information Interface like Trip meter, Real-time fuel efficiency, Digital speed and an **innovative G-meter**
- **Supremacy of Comfort:** Exclusive Leather Upholstery with Contemporary Seat Design; Centre armrests & Door trims with soft pad, Rear AC Ventilation with improved Air Flow; Rear Sun Shade
- **Outstanding Package** - SO-KAI (INVIGORATING) COCKPIT based on Honda's Man Maximum Machine Minimum Concept; Enhanced Visibility and Blind Spot reduction (Door mirrors mounted on door skin, Front Hood visibility suitable for India's traffic situation, Rear visibility improvement by redesigned parcel tray & lower trunk lid, Enhanced dynamic visibility by horizontal dashboard design, Enhanced rear seat shoulder room, Best-in-class knee room & legroom to guarantee more comfort and hospitality, Top Class Trunk Capacity of 506L.
- **Smart Utility – Improved Usability with** storage spaces all around the car; Smartphone tray in center panel, Easy to access Cup holders in centre console, rear arm rest and 1L bottle holders in door pockets; New and convenient sub-pockets for smartphones inside the front seat back pockets.

HONDA

NEWLY DESIGNED PLATFORM

- **Improved High Efficiency Performance** with enhanced light weight, high rigidity and collision safety.
- **Increased use of Ultra High Tensile steel along with use of Super High Formability 980 MPa grade steel for first time in India as Honda**, and other advanced high strength steel for increased rigidity and Weight reduction.
- **Improved suspension set-up** with reduced Friction for superior handling stability as well as ride comfort
- **Improved Front torsional rigidity** for confident driving dynamics at high speeds
- **Improved Quietness & NVH** using New technology like Spray Foam Sound Insulator in Body, Variable Thickness Insulator increased up to 3.5 times for Engine Undercover, and Full Double Sealing structure for Door

POWERTRAIN

Supremacy of Power - Honda’s superior EARTH DREAMS TECHNOLOGY range of BS-6 compliant powertrains.

Petrol

- **Newly introduced 1.5L i-VTEC DOHC with VTC (Variable Valve Timing Control) petrol engine** to deliver high fuel efficiency, low emission and spirited driving performance
- Offered with **All New 6 speed Manual Transmission and New 7 speed CVT (Continuously Variable Transmission)** with “full-open acceleration step up-shift control” and “brake operation step down-shift control” for reduced rubber-band effect

Diesel

- **Refined 1.5L i-DTEC diesel engine** to deliver best balance of powerful performance and high fuel economy despite the application of strict BS6 norms.
- **6 Speed Manual Transmission** with new sliding mesh type reverse gear for improved quietness.
- Application of advanced exhaust gas after-treatment system with NSC (NOx Storage Catalyst) and DPF (Diesel Particulate Filter) to meet the challenging target of particulate matter (PM) and nitrogen oxide (NOx) emission in case of diesel engines.
- Honda's original Silver Thin Coated DPF (STC-DPF) enables reduction of PM combustion time by 40% compared to the conventional DPF.

Engine	Transmission	Power	Torque	Fuel efficiency* As per test data
1.5L i-VTEC (Petrol)	6MT	89 kW [121 PS] @	145 Nm@ 4300 rpm	MT - 17.8 kmpl
	CVT	6600 rpm		CVT - 18.4 kmpl
1.5L i-DTEC (Diesel)	6MT	73 kW [100 PS] @ 3600 rpm	200 Nm @1750 rpm	24.1 kmpl

* As Certified by ARAI under rule 115 of CMVR 1989
