Honda Cars India Does Complete Switch Over to BS-6 Bulk of BS-4 stock finished in network

New Delhi, 1st February 2020: Honda Cars India Ltd. (HCIL), leading premium car manufacturer in India, today announced that having completed entire wholesale despatches to dealers of BS-4 in Dec'19, the company only despatched BS-6 cars in Jan'20. The models were Petrol BS-6 versions of City, Civic and CRV. Amaze BS-6 was also launched towards the end of last month. The BS-6 versions of other models will be launched successively.

The company has shifted to production of BS-6 models in both its plants of Greater Noida and Tapukara. Domestic despatches of BS-6 compliant models stood at 5,299 units in Jan'20 and the company will be ramping up the production volume in coming months.

The number of export units stood at 182 units last month.

Commenting on the sales, **Mr. Rajesh Goel, Senior Vice President and Director – Marketing and Sales, Honda Cars India Ltd.** said, "As communicated earlier, we are ramping up BS-6 production hence our volumes will be lean in coming months. We are committed to enhancing the supplies and bringing down the waiting period which has gone up during this transition to BS-6." "With less than a week of stock of BS-4 in the entire dealer network, we are thankful to our dealers for their support in early sales completion of entire BS-4 cars," he added.

The company had sold 18,261 units in the domestic market in January 2019.

About Honda Cars India Ltd.

Honda Cars India Ltd. (HCIL), a leading manufacturer of premium cars in India, was established in December 1995 with a commitment to provide Honda's latest passenger car models and technologies, to the Indian customers. HCIL has two state-of-the-art manufacturing facilities at Greater Noida, U.P and at Tapukara, Distt. Alwar, Rajasthan.
