Honda SENSING

Honda SENSING[^](ADAS Technology)
Mitigates Collisions Using
Advanced Technology

A high-performance front camera with a wide-angle, far-reaching detection system that alerts the driver and minimises the risk of accidents.

Honda SENSING

COLLISION MITIGATION BRAKING SYSTEM

Provides advance warning where risk of collision is imminent, through audio and visual alerts to the driver. Applies brakes to slow down the speed of the car and mitigates collision.

ROAD DEPARTURE MITIGATION SYSTEM

Provides advance warning through audio and visual alerts to the driver when the car seems to deviate from the lane. Provides steering wheel support when the car seems to deviate from the road boundaries.

LANE KEEP ASSIST SYSTEM

Assists the driver to steer the wheel and helps the car to drive in the middle of the lane when cruising along the highway.

ADAPTIVE CRUISE CONTROL WITH LOW SPEED FOLLOW

Assists acceleration and braking operation when cruising on highways while maintaining a safe distance from preceding cars and a low speed follow, makes it easier to drive in stop-and-go traffic.

AUTO HIGH-BEAM

Switches between high beam and low beam automatically at night to support good visibility for driver as well as preceding or oncoming car.

TOMORROW'S SAFETY STANDARDS. FOR TODAY'S DRIVING.

6 AIRBAGS (DUAL FRONT, SEAT SIDE & CURTAIN)

ACE™ stands for Advanced Compatibility Engineering™, and it's a Honda-exclusive body design that uses a network of front frame structures to absorb and deflect the energy from a frontal collision. This helps reduce the force transferred to the cabin and more evenly disperse the forces transferred to other vehicles involved. That means it's not just Honda drivers that are safer in the event of a collision-it's everybody. Add to this the world's first i-SRS Airbag System with Quick Deployment Technology, as well as the First-in-segment^ LaneWatch™ camera system which supplements side mirrors and uses a screen inside the vehicle for the driver to keep aware of the surroundings without taking their eyes off the road.
